## Description:

Life of Pi is a strange novel writing about growth, adventure, hope, miracle, survival and confidence. It has been listed in the required reading books for high school students in European and American countries such as the United States, Canada, Germany and the United Kingdom. The book describes the magical experience of a 16-year-old Indian boy who drifts, together with a Bengal tiger, 227 days in the Pacific Ocean before survived. The real and magic adventure in the sea makes a dynamic fit with the human contradictions between innocence and being ruthless, which stirs constantly climaxes, bringing reading surprise.

No kidding this version is not in English. Why amazon would have this at the top of the list when I haven't bought anything in Chinese or any other language besides English is beyond me. Very disappointed.
